OIL | GOLD MOOCH & BEARD OIL

BIO SECRETS Beard oil and beard products are cosmetic and beauty product that is used to moisturize the skin under the beard in order to keep it "soft, shiny, and smooth". BIO SECRETS Beard oil mimics the natural oils produced by skin like sebum. BIO SECRETS Beard oil is a blend of ingredients that are used to address specific beard problems such as itching, sensitive skin or dryness by going straight to the follicle in a similar fashion to hair conditioner. Beard oil acts as a moisturizer that goes straight to the hair follicle and prevents hair from growing brittle, hydration around this area helps prevent flaking, dandruff and skin dryness. Beard oil works below the surface of the skin by working as a grooming tool, making the beard itself more manageable, neat and smooth. BIO SECRETS Beard oil also improves the way your beard looks by giving it a little shine and style. This makes the beard look healthier as well.

HAIR WAX

Strong & Hold, pH Balanced

How to Use Hair Wax :

1. Do not apply a large amount of hair wax at one time.

The amount will vary slightly, depending on the length and amount of hair. Take a small amount of hair wax - about the size of the fingernail of your little finger - and spread it evenly on the palms of both hands.

2. Next, apply a thin, uniform coat and style from the roots to the tips, while lifting your hair upward from the roots. Working from the back of the head, apply to the hair at the neckline and sides.
